

IN THE SPECIFICATION

Please amend the specification as follows:

Replace the paragraph on page 1, between lines 1-2 of the specification with the following:

The invention relates to a shaving apparatus ~~according to the introductory portion of claim 1.~~

Replace the paragraph on page 2, between lines 4-11 of the specification with the following:

According to the present invention, this object is achieved by providing a shaving apparatus ~~according to claim 1~~ having reversing means. By reversing the sense of rotation of a portion of the drive structure, which is coupled to the cutter or cutters of the shaving head or shaving heads via a unidirectional coupling, the unidirectional clutch either engages, causing the cutter or cutters of the shaving head or shaving heads to be entrained, or disengages, causing the cutter or cutters of the shaving head or shaving heads not to be driven. In the latter condition the trimmer

can be driven without driving the cutter or cutters of the shaving head or shaving heads.

Delete the paragraph on page 2, on line 12 of the specification.
